# AMAY JAGDISH SARVE

Nagpur, Maharashtra

✉ amaysarve13@gmail.com  in Amay Sarve  ⌂ AmaySarve5  ⊕ Portfolio

## SUMMARY

Driven Computer Science student passionate about continuous learning and skilled in modern web technologies. Excited to contribute as a frontend or full-stack developer while building practical, scalable solutions.

## EDUCATION

**G.H. Raisoni University**                                                          **2023 – Present**
*B.Tech - Computer Science & Engineering*                                      *Nagpur, Maharashtra*
– CGPA: 7.71

## PROJECTS

**News Aggregator Web Application**  — React, Tailwind CSS, Node, Express
– Developed a full-stack news aggregator that fetches and displays real-time news from multiple categories using NewsAPI.
– Built a responsive and modern UI using React.js and Tailwind CSS for better user experience across devices.
– Implemented backend services with Node.js and Express.js to securely handle API requests.
– Added category-wise news filtering and dynamic content rendering.

**PassOp – Password Manager**  —React, Vite, Tailwind, Node/Express, MongoDB Atlas
– Developed PassOp, a full-stack password manager. Implemented end-to-end CRUD functionality, a polished responsive UI, and client-side features (copy username/password, show/hide password). Designed REST API with Mongoose, handled connectivity errors and fallbacks for improved reliability. Reduced user friction by creating reusable components and clear UX flows.

**MODERA – E-commerce**  — React, Node.js, Express.js, MongoDB
– Responsive clothing e-commerce platform built with the MERN stack.
– Admin dashboard for managing products, categories, and users.
– Modern interface optimized for seamless shopping experience.

## EXPERIENCE

**GirlScript Summer of Code 2025**                                                   **Nov 2025**
*Open Source Contributor*                                                              *Remote*
– Contributed to open-source projects by fixing bugs, adding features, and improving documentation.
– Collaborated with mentors and developers, enhancing coding, Git, and teamwork skills.

**Skyscanner (via Forage)**                                                         **June 2025**
*Front-End Software Engineering Virtual Experience*                                     *Remote*
– Completed a short-term virtual internship simulating front-end developer tasks.
– Built interactive React components and styled them using SCSS modules.

## TECHNICAL SKILLS

**Languages:** Python, C++, JavaScript

**Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS

**Backend:** Node.js, Express.js, MySQL, MongoDB, Postman

**Tools:** VS Code, Git, GitHub, Render, Vercel, Figma

## CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Foundations Associate
- TCS iON Career Edge – Young Professional
- Postman API Fundamentals Student Expert
